

There is an

Exide

Battery for Your Car

and it will give "punch" and "pep" to your starting system. The space saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features. For battery testing, filling or expert battery advice come to our

"Exide" Service Station

This service is free to all battery users. Repairs, the prompt and satisfactory kind, on any make of battery at the right price.

A Message of Contentment

The family may not have cared much for bread before, or they may have insisted on bread of your own baking.

But try them on Pan-Dandy, and see how they'll take to its pure, wholesome, delicious flavor.

Pan-Dandy Bread

Pan-Dandy made of selected flour, mixed with tested milk, baked in modern ovens, has a "good-to-the-last-crumbs" taste that no other bread equals.

You can prove this by getting just one loaf from your grocer.

And you'll appreciate the proof.

THE MODEL BAKERY

Lighting the Trenches

During the recent war the world came into a full and complete understanding of the value of efficient and comprehensive organization on the part of big business.

One phase of the aid that the Standard Oil Company (Indiana) was able to render is interesting.

The U. S. Government called on the Company for candles, and in an incredibly short space of time the initial shipment was made.

In all, 285,000,000 candles were shipped from Whiting, Indiana, to France—about 85 candles for every man in the United States uniform.

The Standard Oil Company makes candles from the by-products of crude oil.

Besides serving a most useful and necessary purpose in themselves, the manufacture of candles enables the Company to keep down the manufacturing cost of gasoline, so that you may run your car without great expense for fuel.

This is only a single and minor phase of the part played by the Company in helping to win the war, but it serves to illustrate the usefulness of the Company as a public servant, and the benefits accruing to the world at large from Standard Oil Company (Indiana) operations.

Shoes and Oxfords

A Big Clean-Up Sale

On all Men's, Ladies', Misses' and Children's Oxfords and Odds and Ends in Shoes. This does not include the whole stock, but Shoes that we will close out—200 pairs of clean stock shoes.

This Sale Will Start

Saturday, July 19

These shoes will be placed on tables and marked in plain figures—all sizes. If you wish to save a little money to put in the Bank, you should come in and lay in a supply of these shoes for they are going to be high this fall. Remember, first come first served, until all are sold; if you want the cream you want to be first.

We haven't room to quote prices in this ad. But when you come in and look at the shoes and prices you will wonder how we can sell them so cheap, but we are going to close out regardless of cost.

We will also have on sale a lot of Children's and Misses' School Dresses which we are closing out. You can buy two dresses for what you will pay for one this fall, so lay in your supply now for school.

We will have on sale all Men's and Boys' Sport Shirts, Straw Hats, Palm Beach Suits, Children's Rompers, Play Suits and Men's Work Shirts, a few Overall in odd lots to close out at bargain prices. Watch our window for bargains.

Remember our motto has been to give you honest merchandise at live and let live prices. Try us and see.
